

Dear Residents of the Neshkoro Fire District:

We at the Neshkoro Fire Department are always trying to improve our firefighting and first response equipment. In 2016, with the generous support of our residents in the Neshkoro Fire District, we were able to purchase a new rescue response vehicle. This year, 2021, the Neshkoro Fire Department Volunteers are sending out letters of support to further improve our equipment through monetary donations. All donations go directly to the Neshkoro Fire Department in a effort to purchase an off road utility type vehicle to aid in responding to ATV/UTV accidents, hunting accidents and any other accidents or rescues off paved surfaces.

Neshkoro Volunteer Fire Department is always looking for more volunteers to join, anyone interested in joining the Neshkoro Volunteer Fire Department can send an email to: [neshkorofiredept@gmail.com](mailto:neshkorofiredept@gmail.com)

### **THANK YOU FOR YOUR SUPPORT**

Tom Krueger, Fire Chief and the Neshkoro Fire Department
